“HIV-AIDS, Climate & Environment Initiative for the 21st Century” Workshop Agenda

Monday, 23 January 2012

Conference Room 1, 3rd Floor, Service Building (Use side entrance, Secretariat Building)

08:30 Registration and coffee

09:00 Session 1: Opening Remarks

Hinger H. Norman, Jr, Founder & CEO – welcome remarks
Ms. Elizabeth Fong, Director, UNDP – workshop objectives
Mr. Rae Kwon Chung, Director, ESCAP
Mr. Nessim Ahmad, Director, ADB

Keynote speakers:

Tedder (Professor at the University of Tuvalu)
Konrad Steffen (Cooperative Institute for Research in Environmental Sciences, Boulder, Colorado, USA)

Discussion

10:45 Coffee break

**11:00 Session 2: Responding to AIDS in the workplace
Moderators:**

Mr Robin Hamilton (Training Manager, Aurum Health Research)
Dr Volker Hooyberg (Convenor)

12:30 Lunch

13:30 Session 3: Produce an outline of topics for consideration in the synthesis and assessment product

Jack McGeehin, USGS, on logistics of meeting / SAP timeline
Cindy Cafaro, DOI, on FACA considerations

17:30 Recommendations Session 4: Break-out Groups to Discuss the Country Needs & for Mainstreaming the Environment.

18:30 Reception Dinner

Tuesday, 24 January 2012

8:00 Morning announcements

Leftover business from previous day's discussion

8:15 **Session 5: Rapid Release of Methane from Hydrates**

Format: 35 minutes presentations including questions for clarification; 10 minute stretch break

- Topic speakers

David Archer, Department of Geophysical Sciences, University of Chicago, Chicago, Illinois, USA: "Methane hydrates and global warming: a risk analysis"

Ed Brook, Department of Geosciences, Oregon State University, Corvallis, Oregon, USA: "The ice core record of abrupt changes in atmospheric methane"

David Lawrence, National Center for Atmospheric Research, Boulder, Colorado, USA: "Vulnerability of Permafrost and Peatland Carbon Pools to High-latitude Warming: Amplifying Feedbacks to Climate Change?"

Warming: Amplifying Feedbacks to Climate Change?"

10:10 Coffee Break

10:30 **Session 6: Panel Discussion**

Format: Topic speakers will begin the discussion integrating the ideas presented. Discussion will be open to all workshop participants with limited time for public comments.

- Integration of ideas

- Outline of topics

- Establish chapter subcommittee

12:00 **Lunch**

1:15

- Afternoon announcements

- Leftover business from morning discussion

1:30 **Session 7: Meridional Overturning Circulation Change and Influence on Climate**

Format: 35 minutes presentations including questions for clarification; 10 minute stretch break

- Topic speakers

Jean Lynch-Stieglitz, Georgia Institute of Technology, Atlanta, Georgia, USA: "Atlantic MOC: Evidence for past variability and relationship to abrupt climate change during the last 80,000 years"

Bill Johns, Division of Meteorology and Physical Oceanography, University of Miami, Miami, Florida, USA: "The Atlantic MOC: Modern observations, variability and detection of change."

Ron Stouffer, Climate Dynamics and Prediction Group, Geophysical Fluid Dynamics Laboratory, NOAA, Princeton, New Jersey, USA: "Modeling Abrupt Climate Change"

3:25 Coffee break

3:45 **Session 8: Panel Discussion**

Format: Topic speakers will begin the discussion integrating the ideas presented. Discussion will be open to all workshop participants with limited time for public comments.

- Integration of ideas

- Outline of topics

- Establish chapter subcommittee

5:15 **Wrap-up and Adjourn**

Wednesday, 25 January 2012

8:30 Session 9: Chair: Dr Volker Hooyberg

Testing and AIDS Treatment Management: Prof Tedder (Department of Family Medicine, University of Tuvalu)

Theological and ethical challenges of the AIDS crisis: Dr Lincoln Michell (University of Colombia);

Transformation through Crisis: A Muslim Perspective: Mr Etsko Schuitema (Schuitema Organisational Transformation Consultancy)

10:00 Tea

10:30 Chair: Dr Lincoln Michell

Micro-aspects of HIV/AIDS campaign design as a matter of life and death: Prof P Swanepoel and company

(Department of Afrikaans and Theory of Literature, UNISA)

Mainstreaming HIV and AIDS into Academic Programmes: Case Study of UNISA: Mr Leon Roets (Programme

Coordinator: Unit for Social Behaviour Studies in HIV/AIDS and Health, UNISA)

Student presentation: Gus Luthuli - A challenge to communicators: HIV/AIDS exposure among New Jersey youth (Masters Student, University of New Jersey)

12:00 Session 10: Research database: Dr. V J Rugbeer (University of California)

Where to from here? Networking and general discussion of value/implications of preceding workshop and mooting of a follow-up workshop.

13:30 Vote of thanks (Dr Michell, co-convenor)

Thursday, 26 January 2012

9:30 Introduction

Dr Paddy McMaster, Consultant Paediatrician, Paediatric Intensive Care Unit, University of North Staffordshire

9:45 Session 11: North West Perinatal & Paediatric HIV Clinical Network

Dr Toni Tan, Consultant Paediatrician, North Manchester Hospital

10:30 Antenatal Screening

Sharon Wilson, HIV Specialist Midwife, St Mary's Hospital and Wythenshawe Hospital, Manchester

11:00 Coffee Break

11:30 Caesarean Section vs. Normal Delivery

Dr Joanne Topping, Consultant Obstetrician, Liverpool Women's Hospital NHS Trust

12:30 Lunch

13:30 Workshops

- Antenatal Screening
- Disclosing Diagnosis to the Adolescent Patient
- Paediatric HIV Network – Priorities

14:30 Reception Dinner

Friday, 27 January 2012

8:00

- Morning announcements

- Leftover business from previous day's discussion

8:15 Rapid Changes to the Hydrologic Cycle

Format: 35 minutes presentations including questions for clarification; 10 minute stretch breaks

Topic speakers

Ed Cook, Lamont-Doherty Earth Observatory, Columbia University, Palisades, New York, USA: "Large-Scale Hydroclimatic Variability and Change Over North America for the Past 1000 Years"

Richard Seager, Lamont-Doherty Earth Observatory, Columbia University, Palisades, New York, USA: "Near term rapid climate change: The case of Imminent drying of south-western North America"

Pat Bartlein, Department of Geography, University of Oregon, Eugene, Oregon, USA: "Abrupt hydrological response to gradual forcing during the Holocene: the role of land-surface feedback in amplifying hydrological extremes"

10:10 Coffee Break

10:30 Panel Discussion

Format: Topic speakers will begin the discussion integrating the ideas presented. Discussion will be open to all workshop participants with limited time for public comments.

- Integration of ideas
- Outline of topics
- Establish chapter subcommittee

12:00 Lunch and Breakout of Chapter Subcommittees (Non-Public Session)

- Write detailed outlines
- Finalize writing assignments

3:30 (Public session to adjournment of workshop)

- Presentation of outlines by chapter leads

4:30 Next steps and Closing

5:00 Workshop Adjourns

Saturday, 28 January 2012

9:00 Summary of Workshops

12:30 Lunch break

13:30 Discussion

17:00 Closing remarks

Speakers:

Dr. Hinger Norman Jr, Founder & CEO

Dr. Piet Swanepoel

Prof. Lincoln Michell
